Financial Assistance

I am interested in pursuing financial assistance from my home institution, and I understand that my home institution makes all final decisions regarding financial aid availability.

Payment Options

An application fee of **U\$S 60** is required to process this application (**credited to program balance**).

To pay by credit or debit card:

Please check this box, and an email invoice will be sent to you upon application receipt.

Students can pay the remaining program balance in two ways:

- Option 1:** Turn in a deposit of 20% of the total program fee upon admission approval [no later than sixty (60) days before program start date], and pay program balance in full by thirty (30) days before the program start date.
- Option 2:** Turn in a written consent for a financial aid transfer from your home institution financial aid office upon admission approval [no later than sixty (60) days before program start date], and ensure balance is paid in full by thirty (30) days before program start date. If the student would like the help of Expanish in negotiating this process, the student must advise the University Staff (university@expanish.com) by or before the application deadline. Your home institution does make all final decisions regarding their financial aid packages.

Program Deposit will be paid by (please select one option only):
